

GDPR Statement

BEAM Fieldwork welcomes GDPR as an important step forward in streamlining data protection requirements across the EU and as an opportunity for BEAM Fieldwork to strengthen our commitment to data protection. BEAM Fieldwork aim to comply with all GDPR regulations and have updated our services and documentation, we will continue to monitor GDPR and update as the new laws come into effect. An important aspect of GDPR is how the data is collected and used. BEAM Fieldwork is constantly investigating new ways to enhance our service offerings so that we can provide better transparency to our clients. Working closely alongside our partners, BEAM Fieldwork have reviewed our supplier contracts to ensure GDPR regulations are met throughout our supply chain. All BEAM Fieldwork employees must complete data privacy and security training with GDPR specific content to ensure all data is respected, kept securely and has the relevant retention policy applied. BEAM Fieldwork generally will act as a data processor and our partners and clients generally will act as data controllers. Working together, we hope to explore opportunities to assist our partners and clients meet their GDPR obligations. In the meantime, BEAM Fieldwork encourages clients and suppliers to independently familiarise themselves with the GDPR. For more information on GDPR go to the ICO website <https://ico.org.uk/>.
